CROATIAN BUREAU OF STATISTICS

# National Statistical System of the Republic of Croatia

*a short overview*

*Zagreb, September 2016*

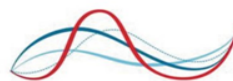

# Mission of the Croatian Statistical System

**Official Statistics Act** ⇒ legal basis

Mission, vision and main objectives of the Croatian statistical system are defined by the *Development strategy of the official statistics of the Republic of Croatia*.

**MISSION** ⇒ High-quality and timely statistical data

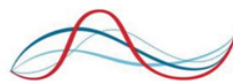

The Croatian statistical system produces impartial statistical data on social and economic processes through providing the high-quality statistics necessary for implementation and monitoring of economic policies.

# Vision of the Croatian Statistical System

**VISION** of the CBS as the main producer of official statistics is based on the following objectives:

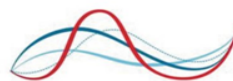

- Efficiency and innovation in performing tasks and application of modern technologies in statistical processes
- Involvement of official statistics in social and economic activities
- User oriented statistical system
- Attractive workplace for experts from various fields

# Main objectives of the Croatian Statistical System

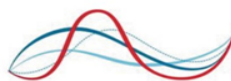

The **MAIN OBJECTIVES** are set as:

- Reinforcement of the Croatian statistical system and continuous harmonization with EU standards
- Improvements in the collection, processing and data dissemination
- Higher level of users involvement
- National and international cooperation intensify
- Quality improvements and timeliness of data dissemination

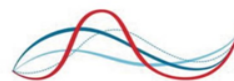

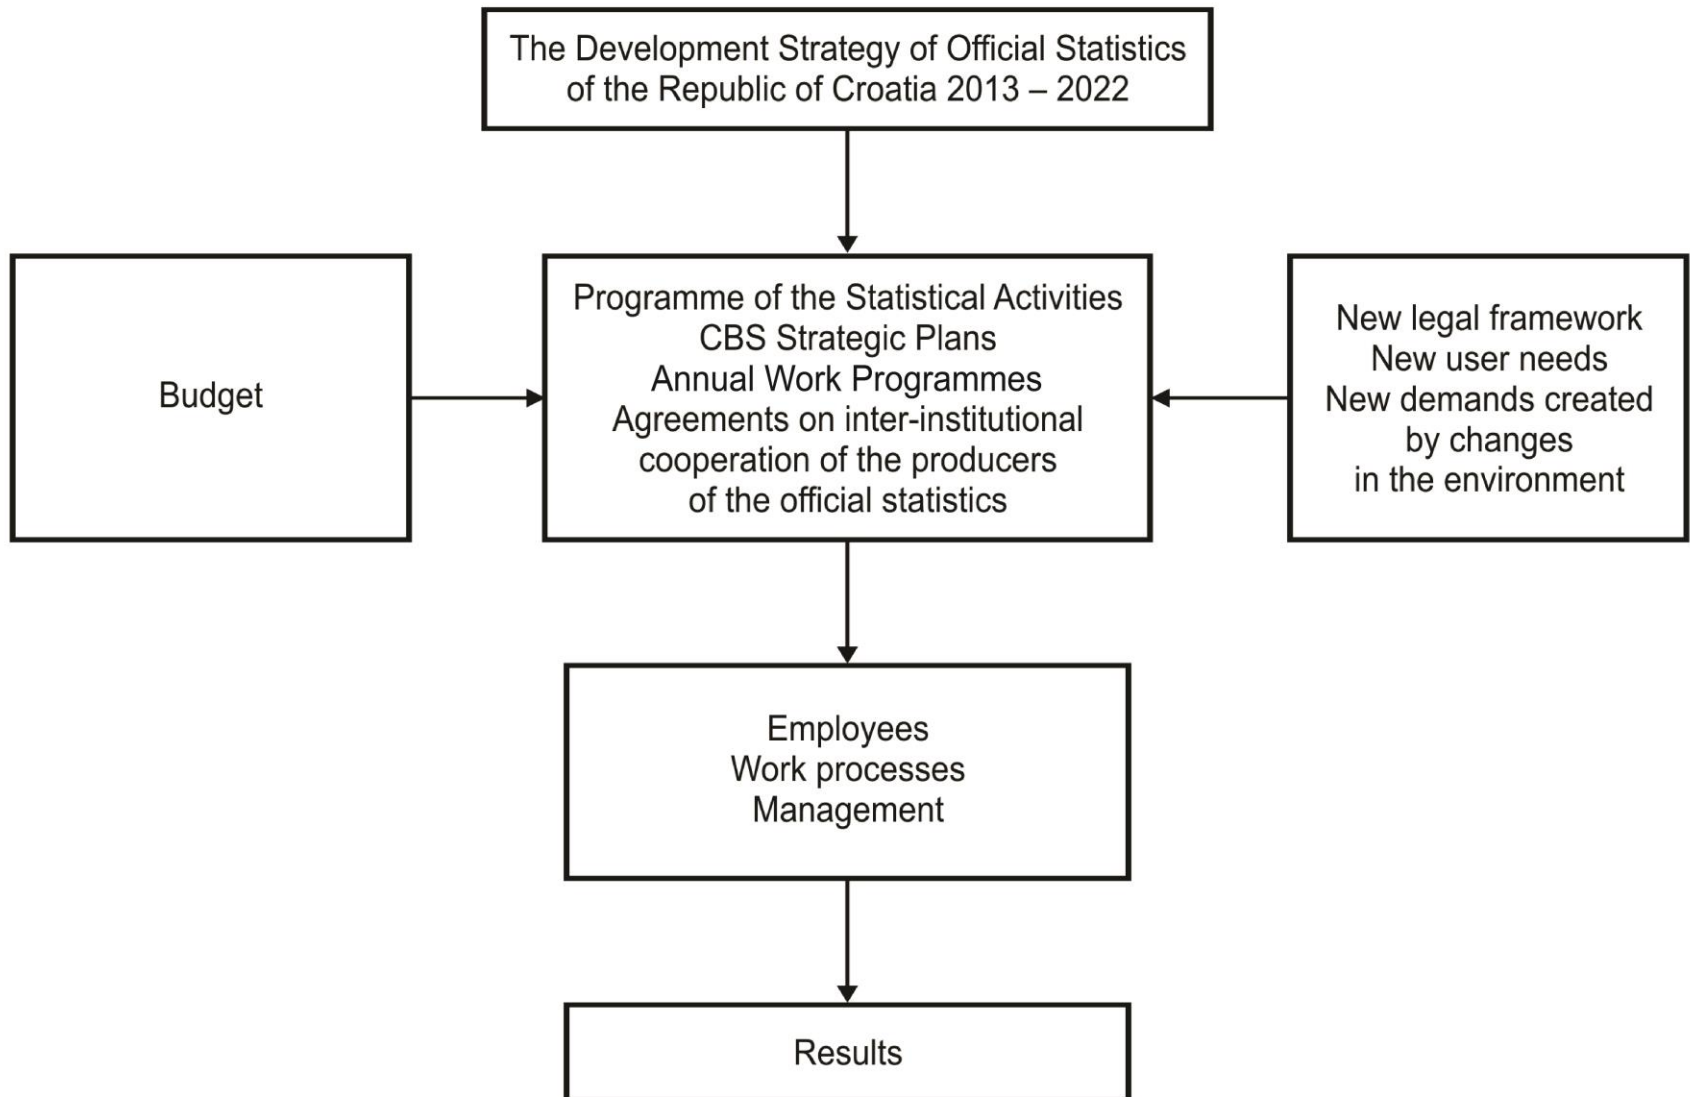

# Legal framework

- Article 8 of the *Official Statistics Act* (OG, No 103/2003, 75/2009, 59/2012 and 12/2013 - consolidated version) ⇒ CBS is the main producer and coordinator of the Croatian statistical system and its main representative in the EU and international authorities responsible for statistics
- Articles 24 to 33 of the *OSA* ⇒ CBS has the main coordinating role in the preparation of strategic and programming acts as well as statistical work programmes
- Article 41 of the *OSA* ⇒ CBS (all data) and ONAs (for the purpose of AWP) have the right to use administrative data without remuneration

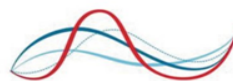

# From strategy to results

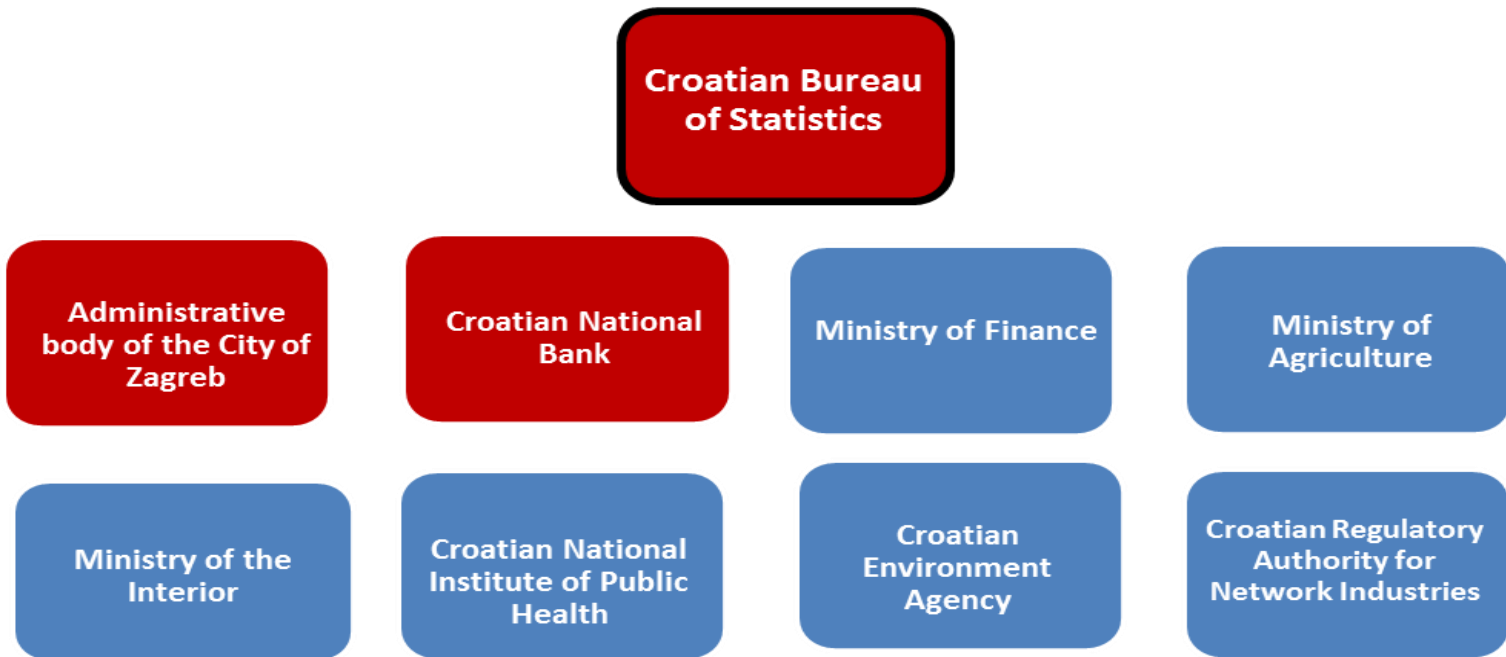

# Coordination role of CBS

- Article 7 of the *Official Statistics Act* ⇨ official statistics are performed by the following producers:
  - CBS as the central authority
  - Administrative body of the City of Zagreb
  - Croatian National Bank
  
- Other authorized producers determined by the **Programme of Statistical Activities**

# Croatian Statistical System

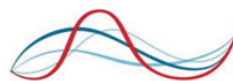

(authorized producers of the official statistics in Croatia)

Authorized producers of the official statistics determined by the Official Statistics Act

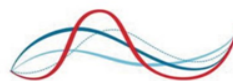

Authorized producers of the official statistics determined by the Programme of Statistical Activities (for certain statistical domains)

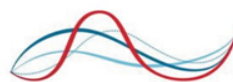

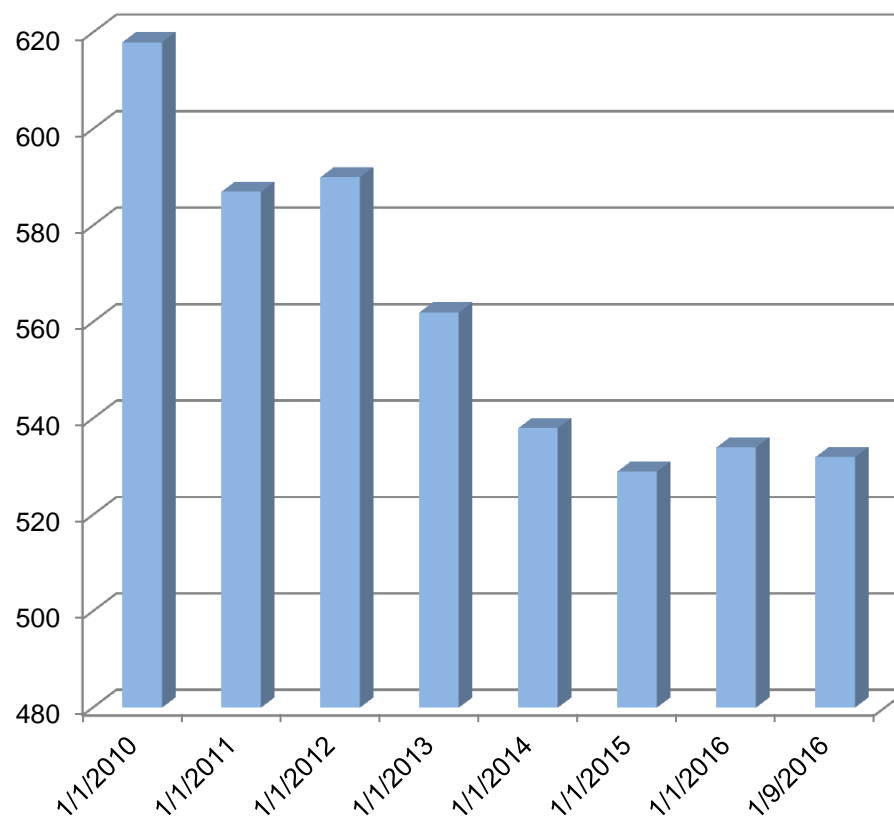

# Statistical Council of the Republic of Croatia

- **Statistical Council** is a professional and advisory body for strategic and development issues of official statistics established by the Official Statistics Act
- Council operates in line with Rules of Procedure
- It includes representatives of the Croatian Parliament, the Croatian National Bank, representatives from ministries, experts from scientific community and experts in the field of statistics, employers, trade unions, media etc.
